TRAINING

The Open Water Diver course is a 2-phase process:

1. Complete academic review in the classroom and pool sessions with your SSI instructor. Study academics at home at your convenience. Review the digital materials, and complete the section reviews via the SSI website or app on your smartphone or tablet. (This needs to be done before 1st night of class.)
2. Complete open water certification dives. Apply your skills during 5 open water dives to become certified as an Open Water Diver. See the Open Water Certification brochure for details of this step.

AFTER COMPLETION

After completion of the Open Water Diver academic and pool sessions, you must complete your Open Water Certification dives within 6 months of your last class session. Once certified, your certification lasts a lifetime. Remember, though, to maintain proficiency and always dive within the limits of your comfort and ability.

JR. OPEN WATER DIVER

Divers aged 10 - 14 receive Jr. Open Water Diver certifications. After certification, they may only dive with a certified adult diver, and depth limits apply.
