Three Bedroom Condos are available upon request and based on availability.

Location, Location, Location! The location for this comfortable resort was carefully selected with the diver in mind. It is the furthest away from the airport and furthest away from the nightlife of Grand Cayman but, closest to the best diving the island has to offer. Should you want to explore the sites of Grand Cayman, you just need to hop into the vehicle that is included with your room. If you're looking for land activities, the resort offers tours, complementary bicycles and kayaks.

The East End is typically renowned for boat diving. The onsite dive operator, Ocean Frontiers, is delighted to introduce you to the spectacular diving on the East End of the island. They pride themselves in providing valet diving for their guests. Once you put your gear into your personal crate and place it outside your door, a member of the dive team will meticulously set up your gear to your liking. Your tanks will be changed between dives and when you're finished diving for the day the crew will rinse and store your gear until you are ready for your next dive. Shore diving is available at Compass Point for the more advanced diver due to the entrance and exit points from the shore.

The accommodations at Compass Point are fully equipped one, two or three bedroom condos. For your ease and enjoyment, you can pick up some groceries to prepare meals in your room. If you'd like a meal out, the resort also offers a full bar menu along with a variety of dishes at the Eagle Ray's restaurant. In addition, there are a variety of local restaurants and a convenience store close to the resort.

Get ready to roll out of bed and onto the dive boat!
