Cozumel has all the ingredients for a great dive get-away! This tropical island is blessed with a warm equatorial current which helps to support Palancar Reef, the second largest barrier reef in the world. This protected reef system is home to 26 coral species and more than 500 species of fish. The crystalline blue waters, in concert with a shear wall that extends for miles along the island's western coast, combine to create a memorable dive experience! With non-stop flights between Denver and Cozumel, you'll be relaxing that afternoon!
