Prepare to be mesmerized as you dive into Cozumel's legendary clear waters, a realm where visibility stretches over 100 feet and the vibrant reef is full of life. You'll experience soaring over breathtaking walls and through intricate coral formations that are home to everything from spotted eagle rays and sea turtles to a dazzling array of tropical fish and macro critters.

Along with exploring the hidden beauty of Cozumel, you're in for some "sea-rious" excitement! In the waters north of Cozumel you'll find the world's largest fish, the majestic whale shark, which is passing through while on its migration. You'll be able kick your fins and snorkel alongside this ancient, living wonder. This is truly an exciting and memorable moment of pure, humbling excitement in the wild!

If you prefer to dive rather than snorkel with the Whale Sharks, that can be arranged with Dive Paradise.
