CoCo View Resort is well known for its incredible scuba diving and friendly ambience. The resort is tucked behind numerous shallow coral formations and protected by a barrier reef wall, which plunges to a depth of 110 feet. CoCo View's House Reef is always fun to explore due to the many creatures who make the reef their home. If you're looking to explore a sunken wreck, the Prince Albert and DC3 airplane are a short swim out from the resort. With so much to enjoy right at the house reef, it's no wonder that unlimited shore diving and snorkeling are popular 24 hours a day.

When you're not diving, there are plenty of activities to keep you entertained at the resort and throughout the island. Whether relaxing in a hammock, visiting the botanical gardens or shopping for the perfect souvenir, your trip to Roatan will be a memorable one!
