Welcome to High Plains Scuba, the premiere aquatic education program in Fort Collins! We offer year-round swim lessons for people 6 month of age to adults. Here the students are surrounded by a dedicated staff focused on making swim lessons one of their fondest memories!

OUR POOL

Our chlorinated indoor pool is kept at a comfortable 90° year-round. The cozy pool is ideal for teaching all levels of students from the young beginner to a triathlete.

CONVENIENTLY LOCATED

We are located inside High Plains Scuba, just west of the intersection of South College Ave. and West Harvard St.

CLASS STRUCTURE

Each of our classes are private allowing the swimmer to receive the teacher's full attention. This also allows the student to progress at their own rate. The "**Gold Script**" curriculum for the different class levels is the result of more than 30 years of experience in superior aquatic education!

ADULTS TOO!

Our adult classes are specifically designed to help the swimmer feel relaxed and confident in the water. Each student is taught at their own level at a pace that is comfortable for them.

TEACHING STAFF

At the heart of our swim program is a skilled teaching staff known for its patience, friendliness and positive encouragement. The friendly bond between the teacher and student plays an important role in the swimmer's success.

TEACHER TRAINING

Our teachers are carefully selected for their maturity, understanding of child development and teaching skills. In addition to completing the extensive **Swim School International** training, continuing education is provided on a regular basis.
