OPEN WATER DIVER

After finishing the Open Water Diver academic review and pool sessions, you're ready for certification as an Open Water Diver. You will demonstrate the skills you learned in the course during 4 open water dives.
You can complete your open water certification dives in the following ways:

- Join High Plains Scuba Center at The Crater in Utah all year long.
- Travel on an HPSC-sponsored trip to Cozumel, Bonaire, the Cayman Islands, or any other of our exotic destinations. Trips are available throughout the year.
- Arrange for a SSI Referral Form from HPSC to finish your dives on your next vacation.

REQUIREMENTS

You must complete your certification dives within 6 months of your last academic review and pool session.

In addition, you must:

- Provide your own mask, snorkel, boots, and fins. Ensuring your equipment fits well will make you more comfortable, provide better safety, and make your dives more fun.
- Feel comfortable and ready. Additional pool time may be scheduled to increase your comfort level.

REFERRAL DIVER PRACTICE
Tutor Session

Before you proceed to your Open Water Certification you have an opportunity to spend more time in the water with one of our dive leaders. We can arrange a private 2-hour Tutor Session to ensure your comfort and confidence.

$60 per person.

COURSE MATERIALS

Your class includes:

- Open water dives and instruction.
- Open Water Diver certification card.
- Equipment: BCD, regulator, tanks, weights, weight belt, and wetsuit as needed.
- Lodging* and fees at The Crater.
  Lodging based on double occupancy

Class does not include:

- Transportation.
- Meals.
- Mask, snorkel, boots, fins, hoods and gloves.

(Please ask store staff for current price guide.)

SYSTEM SENSE

Owning your own equipment will make you more comfortable and relaxed in the water. Receive significant savings on training when you purchase a scuba system. You can even apply what you have already spent on classes toward your new equipment!

AFTER COMPLETION

After completion of the Open Water Certification dives, your certification lasts a lifetime. Remember, though, to maintain proficiency and always dive within the limits of your comfort and ability. Continuing Education is a great way to stay current, develop new skills and have fun! Ask about our Specialty Diver Bundles, such as Nitrox and Perfect Buoyancy.
